# About us

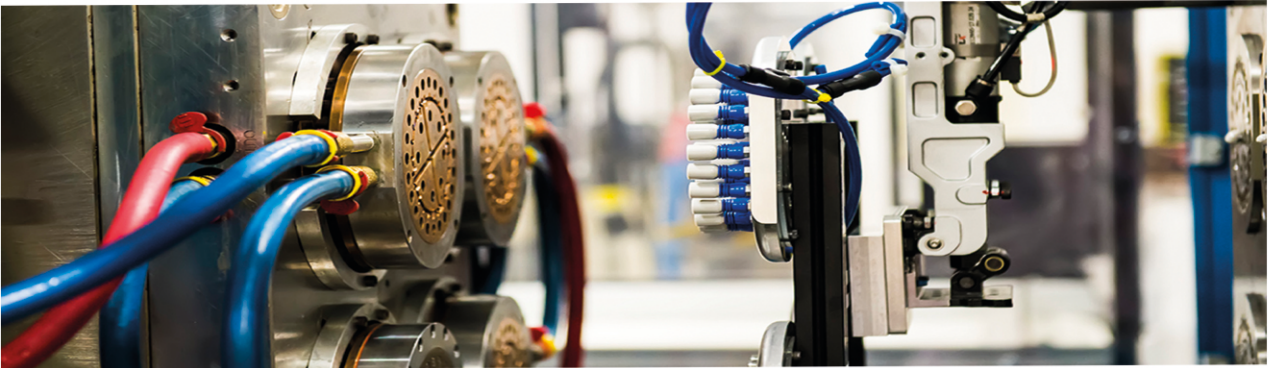

Ozof Filters is one of the biggest manufacturers of filters in Europe for cooking hoods, dryers, wine coolers and even accessories made of high grade materials for vacuum-cleaners and other appliances.

We have our own production lines which are located all over Europe. This makes us an excellent partner with fast delivery times and short communication lines. Our factories and storages cover over more than 2400 square meters and we are still growing rapidly.

Our stock is located in Europe as well, which means we can deliver almost any filter for your needs with fast and reliable delivery times! Our prices are not only competitive, but we guarantee the lowest and fairest prices without doing any sacrifices on delivery times, quality or price.

Besides offering the best prices and filters we know how to maintain an excellent service and how to meet the highest quality standards as possible.

Do you have a special request or in need of a tailor made product? No problem! We produce our filters ourselves and have a modern design & moulding department that meets the highest modern day standards.

## Ozof Filters USP's:

- Own production line of filters in Europe
- Reliable & experienced partner with over 15 years of experience
- Fast delivery from our stock in Europe
- Lowest prices are guaranteed!
- Highest quality filters & service
- 2400 square meters of stock and production to produce high volumes
- Tailor made products that meet up to your expectations and the modern day standards

Curious what we can do for you or in need of a quotation for your tailor made products? Contact us and our service agents will get back to you as soon as possible.
